

**2-pack of filters for ErgoRapido®**

ErgoRapido is designed and built to last. However, with time, the filters will need to be replaced in order to maintain the cleaners performance. The filter is a high quality filter designed to fit your ErgoRapido and to maintain its good performance.

Product Benefits & Features

Changing the filter on a regular basis will provide your cleaner with a strong airflow and high suction power. The original filter will help you to maintain maximum dust pick up. The filter is easy to change and handle. It is also washable.

2 x filter

Fits new ErgoRapido
