

Powerful Performance. Designed around your convenience

Our most sustainable model, the Clean 600 Green Bagless cleaner is made from up to 76% recycled plastic from all plastic used. With no compromise on performance or design, it ensures effortless cleaning and easy emptying.

Product Benefits & Features

2 step swift dust emptying

Easy handling design with the two-step, controlled emptying, and limit spillages during dust disposal.

- Bagless
- Integrated parking slots
- Power regulation
- Soft wheels

Uncompromised cleaning performance* throughout the clean

Cyclonic technology ensures an uncompromised performance, throughout the clean, even while the dust bin fills up.

Maintains up to 99% of initial cleaning performance as the bin fills up acc to IEC 62885-2 edition 1.0: 5.1, 5.7 & 5.9 on max power setting.

6 step air filtration

The 6-step filtration system captures up to 99.99% of microdust particles greater than 1 micrometer* for cleaner exhaust air.

*Based on internal tests in accordance with European standard to EN60312-1-2017 for particles greater than 1 micrometer.

Compact design for storing

Our compact design with the option to store vertically or horizontally takes the hassle out of storing and occupies less space.

Easy maneuverability

Rubber-coated XL wheels, improving maneuverability and protection when moving around your surfaces, for a smooth cleaning experience.
