

**Vacuum Food Containers for food storage**

Air-tight vacuum food containers to enjoy food longer and reduce food waste.

Product Benefits & Features**Better food storage**

Safe and protective food storage system for fresh food and leftovers - keeping pantries, fridge and freezer organized.

KEEP TRACK OF YOUR FOOD

The lid has an integrated date function to stay on top of food storage life.

**LESS WASTE – MORE TASTE**

Strong vacuum combined with air-tight containers helps to preserve food and nutrients longer and therefore reduces food waste at home. Good for your health and the environment.

BPA FREE AND FOOD SAFE

Made of nontoxic and food safe materials. Protecting your food in the best way possible. The food containers are also freezer and dishwasher safe.

Fits into the Electrolux CustomFlex® Refrigerators

Food containers are suitable to hang into the CustomFlex® Refrigerator system.
