

Quicker washes without compromises

The TimeCare washing machine offers a range of short cycles, perfect for daily washes, small loads and busy days. And the Quick function lets you automatically reduce any chosen cycle by 50%, for short washes and great results without compromise.

Product Benefits & Features

Large or small loads - your washer adjusts its cycle

This washing machine with AutoSense gives you all the flexibility you need. It has an extra-large drum to wash big loads in one go, while for smaller loads it automatically adjusts time, water and energy use.

- Maximum spin speed: 1200 rpm
- Washing programs: ON/OFF, Eco 40-60, Cottons, Synthetics, Delicates, Express Care, Rapid 30min, Rapid 14min, Spin, Drain, Rinse, Anti Allergy, Duvet, Sport, Wool\Silk
- Silk program designed specifically for silk clothes
- Anti-flood protection

Get more freedom - delay the start of the cycle

Don't plan your day around your laundry. With the Delay Start function, you can postpone the start of the next cycle so that it will be ready whenever you are.

The gentlest treatment – guaranteed by the Woolmark Blue certificate (formerly known as

The Woolmark Blue certificate (formerly known as Woolmark Gold) Certificate guarantees that this washing machine will wash your woollen items with the greatest of care.

Change settings with intuitive Touch Control

Enjoy intuitive control over your washing machine with our Touch Controls. Easily manage settings and start washing loads at the touch of a button.
