

Compact and clear controls for more space for cooking

These touch controls are designed to be as compact as possible, without sacrificing readability, giving you more space to get creative when you're cooking.

Product Benefits & Features

Direct access to all your controls - thanks to the on-hob panel

This hob's controls are designed so that you can always access them straight away. Just reach over and make your adjustments.

- Hob with bevelled frame
- Touch-control
- Child safety lock function
- Hob safety: Automatic Switch Off
- Residual heating indicator: 7 Segments
- Easy installation thanks to snap-in system

Always know exactly which zone is still hot

With this hob, you always know exactly which zones are still hot, thanks to the residual heat indicators, which cleverly reveal where the heat is.

Protect your children from unintentionally switching on the hob

This hob has a clever child lock that prevents your children from unwillingly activating any of the zones. Switch it on with one touch.

The wipe-down surface

The ceramic glass surface of this hob is so easy to clean. A simple wipe, and you are done.

The versatility to install your hob anywhere you want to

Because this hob is independent, you have way more flexibility to install it wherever you want to. Choose the location that suits your cooking style.
