

Let your hob take care of the hood

The 700 Hob2Hood® automatically controls the hood settings. As you cook, the fan adjusts according to the temperature changes you make or if you start to use more than one zone. So you can focus more on creating delicious dishes.

Product Benefits & Features

Hob2Hood® for pure convenience

The Hob2Hood® function wirelessly connects your hob to your hood. Start cooking and the hood will automatically adjust the settings, providing the best extraction based on the power selected on the hob. It does the hard work so you can keep your mind – and your hands – on your cooking.

- Electronic push buttons control with 3+Intensive speeds
- Remote control available as optional accessory
- Air extraction or recirculation possible, if charcoal filter (optional accessory) installed.
- Indicator for grease filter saturation
- Indicator for carbon filter saturation
- Cooker hood lamps type and number: LED spotlight, 2
- Grease filter type and number: Aluminium mesh, 1
- Installation type: Group, width 54 cm

Keep kitchen air clean with this powerful Hood Motor

This powerful, advanced Hood Motor ensures that your kitchen remains free from unwanted fumes and cooking smells. It clears the air quickly and efficiently.

Long life and great lighting – let LEDlights lead the way

Enjoy expert illumination while you cook. Our LEDlights use far less energy than other lights and provide excellent visibility in the kitchen, ensuring you cook with greater confidence and agility.

Standard grease filter for a clean kitchen

Our reliable grease filter means you can always enjoy a clear cooking space. When a new filter is required, it can be easily washed or replaced. Your kitchen will be cleaner for longer.

Product Specification
