

Performance redefined. Smart and silent

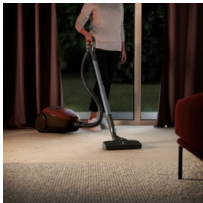

Vacuuming transformed with PURE D8.2. SmartMode Technology, PureSound System, and OneGo Power Clean Nozzle. Designed to offer you an efficient clean, uniquely smart and incredibly silent.

Product Benefits & Features

SmartMode Technology. Automatic power regulation between floor and carpet

Powerful and intelligent vacuuming, like never before. The advanced SmartMode Technology detects the floor type and automatically adjusts the power to glide seamlessly from floor to carpet for optimal results.

- Dustbag Full Indicator
- Integrated parking slots
- Moveable handle
- Soft wheels

PureSound System. Uniquely silent on all floors, as low as 57 dB(A)*

Experience a peaceful clean with PureSound System. The innovative combination of the motor, sealed system and nozzle design means that vacuum cleaning is now silent, on all floors. Vacuum freely without disturbing people around you. *As measured in accordance with Commission Regulation (EU) No

OneGo Power Clean Nozzle for superior pick up no matter the floor type

The all-new OneGo Power Clean Nozzle design enables a superior pick up of all particles, big or small, no matter the floor type. Shaped to clean your floors in one smooth motion.

55% recycled. 100% durable

We've taken a mindful approach to our planet and created a vacuum cleaner from 55% recycled material. Without compromising on quality, PURE D8.2 is the sustainable choice.

Move smoothly with the balanced carrying handle

Comfortably pick up your vacuum cleaner with the specially designed carrying handle. It has been placed in the centre, so the weight is spread evenly. Designed for balanced lifting.
