AZIENDA COMPANY

Alice Ceramica si trova nel comprensorio di Civita Castellana. Pur essendo un'azienda giovane si è cercato di far fronte alle sfide del mercato con prodotti che richiedono continue innovazioni di processo e competenze. Il contributo di idee e creatività da parte dei nostri collaboratori ha fatto sì che si realizzassero prodotti di indiscussa qualità, originalità e tecnologicamente avanzati.

Non è una sorpresa che il patrimonio culturale della regione e la lunga tradizione nella lavorazione della ceramica abbiano fortemente influenzato l'abilità di Alice di eccedere le aspettative in termini di design e affidabilità. Qualità, innovazione e un po' d'orgoglio rendono le nostre creazioni uniche.

Vieni a scoprire la nuova Alice.

Alice Ceramica is located in the hinterland of Civita Castellana, in the center of Italy. While being a young company, we tried to face the challenges of the sanitary-ware industry, which requires continuous innovations in processes and knowledge-development. The contribution of ideas and creativity from our partners led us to the creation of products of undisputed quality, originality and technologically advanced.

It is no surprise that the heritage of the region and the long-standing traditions in ceramic-working heavily shaped Alice's ability to exceed any expectations in terms of design and reliability. Quality, innovation and a hint of pride makes our creations unique.

Come meet the new Alice.

SOTTOSQUADRO®

La collezione NUR è l'apice dell'ingegneria e del design sanitario made in Italy. Il direttore artistico e designer Massimiliano Braconi ha realizzato una curva impossibile, mai vista prima nei lavabi in porcellana. La collezione segna una nuova era per Alice come pioniere del design innovativo combinato all'arte e ai progressi ingegneristici, consacrando l'azienda tra i leader del settore come attore chiave nel business dei sanitari.

I bordi dei lavabi NUR richiedono una rivisitazione del classico processo di colaggio per accogliere la curva "sottosquadro". I nostri artigiani devono intervenire e rimuovere gradualmente i tasselli in gesso a mano per consentire un processo di essiccazione in più fasi. L'inclinazione negativa del bordo è unica nel suo genere, e rappresenta la rinnovata attitudine aggressiva e ambiziosa di Alice Ceramica.

NUR collection is the pinnacle of Italian sanitary-ware engineering and design. Art director and designer Massimiliano Braconi crafted an impossible bend, never seen before in porcelain-made washbasins. The collection marks a new beginning of Alice as a pioneer of innovative design mixed with art and engineering advancements, bringing the company among the industry leaders as a key player in the sanitary-ware business.

The edges of the NUR washbasins require the classical "poured-in mold" process to be revisited to accommodate the "sottosquadro" bend of the curve. Our artisans have to intervene and gradually remove the chalk molds by hand to allow a multi-stage drying process. The negative curve of the edge represents the new aggressive and ambitious attitude of Alice Ceramica.

BICOLORE

BI-COLOR

La modernità e il look della finitura matte uniti alla sensazione di pulizia profonda delle superfici lucide. Alice Ceramica offre la possibilità di personalizzare lavabi e sanitari secondo tutte le necessità, in combinazioni di bianco, nero e grigio.

The modernity and looks of the matte finish alongside the deep clean feeling of shiny surfaces. Alice Ceramica offers the choice of customizing its washbasins and sanitary-ware according to your needs in combinations of white, black and grey.

SENZA BRIDA

An indispensable solution for the modern bathroom. All Alice Ceramica's sanitary-ware is rimless, and guarantees the highest standard of hygiene.

TRASLATO SENZA BRIDA

TRASLATO RIMLESS

Comodità e praticità, il "traslato" di Alice Ceramica si adatta a tutti gli scarichi e a tutte le abitazioni. Una soluzione dinamica per portare le collezioni Alice Ceramica in ogni casa, indipendentemente dai limiti tecnici e strutturali.

Comfort and practicality, the "traslato" is suitable for all pre-existing plumbing and houses. A dynamic solution to bring Alice Ceramica's collections in every house regardless of its structural constraints.

FORM

I nuovi lavabi FORM presentano alcune tra le linee più sinuose dell'industria ceramica sanitaria, e un particolare effetto sospeso sulla base. La nuova forma permette una pulizia e un'igiene più profonda, oltre che un effetto visivo unico nel suo genere.

The new FORM washbasins provide some of the smoothest edges in the sanitary-ware industry, as well as a very peculiar "floating" effect on the bottom. The new base allows a deeper cleaning of the bowl from below, making it easier to provide the highest level of hygiene.
